The Bononcini database allows research on various fronts, whether individual or contextual.

It is possible to filter by:

- Title
- Location
- Incipit (*Plaine & Easie Code*)
- Instrumentation
- Genre
- Form
- Key
- Document type

For the search by instrumentation, please use abbreviations , (for multiple entries, separate with comma and space. Ex: Es: *s, bc* for *soprano and basso continuo*), for the localization search use the library sigla .

This field is **case sensitive**, all others aren't.

It is also possible to consult the entire catalogue in alphabetical order by the title of the work. (see Works in alphabetical order)
